Application Procedure

Thank you for your interest in the Frontier Sportsman's Club, Inc. An application is available on this web site. Print out a copy, fill it in, and mail it to the address on the application. We accept applications all year round. You will be placed on the waiting list by the postmark date of your application. Our waiting list is continually growing, the sooner you are on the list, the sooner you get in the club. You do not need to reapply every year, as we just move you up on the waiting list as we fill openings. You will not receive a letter or call confirming the receipt of your application. If you mailed it, you are on the list. If, after you have applied, there is a change of address or phone number, please notify the membership secretary, that way you won't lose the opportunity to join.

Our membership year ends the last day of February each year. By the 2nd week of March, we know how many openings there are. The number of memberships available is based on how many do not renew each new year, as we are a "limited member" club. At that time we send out "Availability to Join" letters with membership packets. You will need to respond prior to the date indicated in that packet. If you choose not to join or do not respond by the date indicated on your packet, we continue down the waiting list until we are full. If you do not receive a letter at that time, your name stays on the waiting list for future openings. We replace members during the year who have moved and notified us of their cancellation, thus there is potential to join at anytime. If joining becomes available at a time later in the year, we do not pro-rate the annual dues and all memberships expire the last day of February of the next year.

We are a 100% NRA membership club. You must be a member of NRA to join the club and maintain your membership in NRA while a member of Frontier Sportsman's Club, Inc. If you are not a member of NRA, you should join at the same time you put in your application for our waiting list. Do not wait until you receive the "Availability to Join" letter because it will take the NRA about 6 weeks to process you and mail your 1st magazine. The label or a photocopy of the label from the NRA magazine of your choice is the required proof of NRA membership that must be provided to join and every year upon renewal in our club. If you receive the digital version from the NRA you may log onto the NRA website and visit the member services area to access your NRA membership and magazine information. You may copy that portion and mail it with your application. Your NRA magazine label is not required in order to be placed on the waiting list. To join NRA call 877-672-2000 or visit web site at www.NRA.org

Please print out a copy of this for your reference.
